FOUR WEEKS 25 CENTS

STRIKERS SLAIN BY TROOPS; MOSCOW FOLLOWS ST. PETERSBURG TACTICS.

BLOODIER SCENES ARE ANTICIPATED IN OLD CAPITAL

Sunday's Slaughter Hastens the Strikers' Plans

And Every Shop is Being Closed—Is Heart of Liberal Movement.

MAY BECOME GENERAL ALL OVER THE EMPIRE

Rumored Czar Has Decided to Grant the People a Voice in the Government.

STRIKERS PLANNING TO STORM THE MARKET.

Situation is Grave, But the Authorities Declare They Will Stand Firm—Military Controls the Situation at St. Petersburg and Day Pass- es Without Repetition of Sun- day Scenes.

ST. PETERSBURG, JAN. 24, 3:25 A. M.—A REPORT HAS GAINED CURRENCY THAT THE STRIKERS INTEND TO STORM THE MARKET ON VASTILI OSTROF AND SEIZE THE PROVISIONS THERE.

AT KOLPINO, TWELVE MILES UP THE RIVER, A BODY OF WORKMEN WHO HAD STARTED FOR ST. PETERSBURG TO JOIN THE STRIKERS WERE STOPPED AND FIRED UPON BY SOLDIERS. ACCOUNTS AS TO THE NUMBER KILLED OR WOUNDED CONFLICT.

Ithaca, N. Y., Jan. 23.—Andrew D. White, former Ambassador to Russia, and one of the best informed Americans on Russian affairs, today made the following statement in regard to the situation in St. Petersburg:

"If the Czar is a weak man, as the present Emperor is, he can do very little. A weak man can not know anything about the empire to speak of, because he is surrounded by Grand Dukes, women, etc., who tell him what they want him to believe, and keep all the truth away from him which they do not wish him to hear.

"The main difficulty in the whole case is that the Emperor is supposed to do all the thinking for 140,000,000 people scattered over the largest territory possessed by any gov-

ernment in the world, with all sorts of different races, religions and ideas, and this no man can do, and least of all at a time like this.

"The simple fact is that the evils of the old system have now become absolutely intolerable. And when you add to that fact the sending off of immense numbers of the best young men in the country to an utterly useless and wicked war, and the pressure of taxation, which grinds the people to the dust, you have a situation which none but the strongest rulers in all human history can cope with. The Czar has no strength of character, no proper education and is hopelessly unfit to grapple with the situation. No doubt the worst of the features of the situation have been kept from him."

St. Petersburg, Jan. 23.—The most startling feature in the situation tonight is the news that several factories in Moscow have closed and that the workmen in the old capital of Russia are repeating the tactics of their fellow workmen of the new capital, marching from shop to shop and mill to mill, demanding that the establishments be shut down.

The whole city is reported to be in a state of great excitement over the news of the bloodshed here yesterday, which has precipitated immediately the strike that had been planned for Wednesday.

GENERAL STRIKE IS SPREADING TO MOSCOW.

St. Petersburg, Jan. 23.—The general strike in Moscow is proceeding on exactly the same lines as the St. Petersburg strike. The proclamation and methods are identical.

Moscow, Jan. 23.—8 p. m.—Employees of the Bromley Metal works to the number of 1000 met at 2:30 o'clock this afternoon and declared that they were unable to continue at work because their St. Petersburg comrades had asked them to strike.

They immediately left the works, formed a procession, marched through the streets and begged their fellow workmen in all industrial establishments to join in the movement. A majority of those who were thus requested to quit work complied.

Afterwards the strikers visited the Sytin Printing works, the largest establishment of the kind in Moscow, and belonging to the millionaire publisher Sytin, and induced the men employed there to strike. The works closed at 5 p. m.

WORKMEN GREATLY AROUSED.

The people of Moscow are greatly excited over the news from St. Petersburg, which was received over the telephone from private sources and spread like wildfire through the city. Last night it was the only topic of conversation at the theatres, in the restaurants and in the streets.

The workmen here are greatly aroused and the Social Democrats are resolved to make the best of the opportunity. The factory and mill owners are also excited, as a general suspension of work is expected January 26.

The owners and the authorities are conferring in regard to the measures to meet disturbances. Many shop owners are purchasing arms to protect their property.

Great Danger in Moscow.

Moscow has more workmen and less troops than St. Petersburg, and, besides, is just now the heart of the Liberal movement, and the danger of bloodier occurrences there than have been witnessed here are proportionately greater. A rising at Moscow is also more likely to have greater results industrially and politically than at St. Petersburg.

NICHOLAS DIS- GRACES HIMSELF BY COWARDICE.

According to private reports, the workmen in several other big cities, notably Kharkoff, where large locomotive works are located, already have completed plans for a general suspension of work.

Moreover, reports are current that the workmen who otherwise would soon be forced back into the shops or starve have received assurances of financial support from the sources which hitherto have furnished sinews of war to the Liberal and revolutionary agitation, but have not been before in touch with the labor movement.

If the strike became general all over Russia, and especially if the railroads are drawn in, it might immediately force the nation to make peace with Japan.

Situation Appears Grave.

The situation appears grave from every standpoint, but the authorities, although apparently somewhat bewildered, declare their purpose to stand firm, maintaining that it is their first duty to preserve order, scotching the idea of actual revolution. Seemingly, the ministers are most concerned over the effect of the present situation abroad, where, they declare, exaggerated reports create a false impression.

What, if any, steps have been taken to relieve the general situation has, however, not yet been disclosed, but there are extremely significant reports tonight that Emperor Nicholas, in making the decision at the extraordinary meeting of the council of the empire, at Tsarskoe Selo today, to declare St. Petersburg in a state of siege, announced that he had resolved to issue a manifesto to the people with a view to calming them, proposing to create a mixed commission of workmen and officials to investigate and decide the questions of the demands of the strikers, especially affecting the hours of labor, which Russian law fixes at 11.

Concession to the People.

The representatives of the workmen, according to this report, are not to be appointed, but selected by the laboring men themselves. This would be the first concession to the representative principle.

According to reports the emperor will also promise to investigate yesterday's events in St. Petersburg.

Today there was no repetition of the deplorable occurrences of yesterday, with the exception that a single blank volley was fired to awe a crowd near the Warsaw station. Careful investigation shows that no bullets were fired.

The military everywhere had a firm grip on the situation, and the police used every precaution, such as forbidding the sale of petrol and advising people to remain indoors.

Tension is Increased.

The tension, which was somewhat relieved in the morning, continued to increase during the day. Conditions

appeared to be ominous when, shortly after dark, the workmen in two electric light plants walked out, refusing triple pay to remain, and plunged the city into utter darkness, including the Nevsky Prospect, which is in the fashionable residence quarter. The water supply also was cut off, and a veritable panic ensued.

Military in Full Control.

At midnight, when life in the Russian capital is usually bright, St. Petersburg resembled a city of the dead, invaded by a hostile army. The facades of the buildings were black and every restaurant and place of amusement was closed.

The only sound to be heard was the deadened patter of the hoofs of the cavalry horses and the tramp of marching men over the snow as the emperor's legions moved to and fro.

The guards at the palaces of the grand dukes are especially heavy and over 20,000 troops are massed at Tsarskoe Selo.

Emperor Nicholas is completely prostrated by grief. He is represented to be almost in a state of collapse over the situation.

Every window in Grand Duke Sergeius' St. Petersburg palace was broken by a mob during the night.

PANIC IN DARKENED PORTIONS OF THE CITY.

St. Petersburg, Jan. 23.—7:10 p. m.—Panic exists in the darkened portion of the city. The correspondent of the Associated Press has just returned from a trip through the Nevsky Prospect so far as the Moscow station.

All the stores and houses are closed and the windows and doors are barred, but sullen crowds of strikers continue in the streets. The whole appearance of the district is sinister and an explosion might occur at any minute.

The police are going from house to house warning the people to remain indoors, an injunction which the terror-stricken inhabitants, sitting in their darkened homes, are glad to obey.

The greatest fear is that the water supply will be cut off and the city burned.

The military authorities are trying to find workmen to start up the electric plant.

The troops had not fired on the people up to this hour.

Estimates the Casualties.

The estimates of the number of dead and wounded yesterday continue to vary greatly, as at least a majority of the killed and wounded were carried off by their comrades. Few of those taken to the hospitals have been reported. The official account of the rioting by no means indicates the total of killed and wounded.

From careful investigation by the staff of the Associated Press, it appears that the estimate of 500 cabled

When the Czar's Presence Would Have Prevented the Awful Slaughter of His Subjects

HE TURNS AND FLEES

Abdicates Throne and Hands the Reins of Government to Grand Duke Vladimir, the Most Brutal Man in Russia.

St. Petersburg, Jan. 24.—Nicholas II has disgraced himself by displaying cowardice. Knowing that bloodshed could only be averted by his presence, he shirked his duty and fled, quaking with fear. It was an act of cowardice.

There is little doubt that the Czar was in the winter palace during the massacre. His flag flew from the central turret. This is the historic sign of the presence of the sovereign. The people were streaming toward the palace from the outskirts of the city unarmed, perfectly peaceable and accompanied by women and children. The police were watching and knew this. They were in communication with the central authorities and informed them of the mood of the crowds.

Knew Object of Visit.

Therefore the Czar knew what the demonstration was like. He knew that his subjects were coming on an errand of inquiry and supplication not an errand of violence. The people from the north part of the city might have crossed the ice to the palace, but the leaders feared that would arouse distrust of their pacific intention, so they sought the regular avenues of approach. They presented themselves before the Cossacks on the bridges and fell on their faces on the snow, protesting their loyalty, proclaiming their Russian citizenship and begging permission to proceed.

Czar Abdicates.

Simultaneously similar scenes were being enacted in all the streets leading to the palace square. The auto-eracy had no answer except a hail of lead. Consequently, the residence

last night seems liberal. There were 47 killed and 54 wounded at the Putiloff works, where the greatest casualties occurred about 60 in the Alexander gardens, 15 in the Moika district, 45 in the Vassili Ostroff district, and the remainder at various other points.

of the people's ruler, whom a people desired merely to meet and consult, was ringed with fire, blood and awful tumult. The Czar had abdicated. He turned over the crown to the Grand Duke Vladimir, the most brutal, most profligate and most ignorant of the grand dukes. Vladimir is a vile man. For years his palace has been the center of unspeakable orgies.

Cossacks are Drunk.

Grand Duke Vladimir caused vodka to be freely distributed among the Cossacks early yesterday morning. At all the camp fires the soldiers were laughing, singing and dancing, and went into the fray under the living power of drink. Many of the sober troops refused to fire and some threw away their rifles.

Nicholas was trusted, but his will was always subjected to the tyrannous sway of the bureaucracy and the court clique. Now that he has permitted his troops to slaughter the citizens the people cry out against him with great bitterness. It appears that the golden link between autocracy and the nation is broken beyond repair.

This is a charming love romance full of exciting adventures admirably related. We have secured the serial rights for our columns and will begin its publication in an early issue.

From the moment that the man and the girl, who are the survivors of the good ship *Sirius*, are described on the beach of their island until the last page, Mr. Tracy keeps you interested. ELECTRIC PAVING

Line From This City to Toledo

To Form the Nucleus of a Big Standard Oil System, 'Tis Said.

JAMES W. McMAHON, FORMERLY OF THIS CITY, BUT NOW OF TOLEDO.

IS SAID TO BE ENGINEERING THE DEAL FOR THE SYNDICATE—TOLEDO PAPER IS AUTHORITY FOR THE STORY.

(Toledo Blade.) It is rumored in eastern financial circles that the proposed new electric line from Toledo to Lima is to form the nucleus of a big Standard Oil system, aimed by the purchase of certain existing lines and the construction of others, will acquire the best territory in Ohio and Indiana and will extend into Southern and Central Michigan. James W. McMahon, the Standard Oil representative at Lima, is said to be engineering the deal for the syndicate. Thus far the interests which have appeared most prominently in the projected Toledo-Lima line are the Lima Railway & Light company and Joseph B. Mayers, of Buffalo, but these people, it is claimed, are backed by the syndicate of Standard Oil interests. Just why the Standard chooses to dabble in trolleys does not appear on the surface, although there has been a good deal of gossip of late about John D. Rockefeller and his associates getting control of the majority holdings of the New York Central.

It is claimed that the Toledo-Lima line will be built just as soon as the franchises and right-of-way can be secured. The *Schick* line of cars has already been secured and franchises have been granted by the city of Ottawa and other cities along the route. It has been announced on several occasions that the road will be put through without a bond is now, which indicates that the

plenty of money back of the scheme. The proposed road will parallel the Cincinnati, Hamilton & Dayton, but just what effect it will have on the plans of the Toledo, Columbus & Cincinnati Railway company, headed by Edward C. Schinness and other Toledoans, remains to be seen, although the officials of the latter company declare that their line will be pushed to completion as rapidly as possible. The two roads will traverse the same territory from here to Lima.

HAD TO HIDE IT

A mother wrote us recently that she had to keep Scott's Emulsion under lock and key—her children used to drink it whenever her back was turned. Strange that children should like something that is so good for them. It's usually the other way. Scott's Emulsion makes children comfortable, makes them fat and rosy-cheeked. Perhaps that's why they like it so much—they know it makes them feel good.

Of Elizabeth Street Between

Market and North Streets, Has Been Blocked,

NOTWITHSTANDING THAT NEARLY ALL THE NECESSARY LEGISLATION IS COMPLETE.

ELM STREET PAVING WILL MEET A LIAB FATE—PINE STREET NOW TO GO ON.

A remonstrance was presented council last night signed by the majority of the property owners on Elizabeth street, between North and Market streets, objecting to the advertising of bids for the proposed paving of said thoroughfare. Asphalt block was to have been used and in fact nearly all the necessary legislation is complete and it was the intention of council to have placed the ordinance on its final passage last night, but instead it was tabled indefinitely.

It would seem that there was a misunderstanding among the property owners who were signed for the petition. Many property owners had intended to start for the improvement and when it was learned that the cost to those who had signed would be between \$1 and \$1.50 per front foot they changed their mind about it, hence the remonstrance.

Elm Street Paving.

Practically the same with reference to street paving which advertised for sale. On this street it is that the cost to the who signed the petition about \$8 per front foot from these will likely be received.

Pine Street

Once on south 1 will be no trouble, the property owners to complete the improvement will likely be received.

Mr. Morrissey has accepted Mr. Atterbury's proposition of January 7 as offered by the railroad at the conferences of the last few days in regard to brakemen assisting the firemen. Both go into effect January 1, 1905.

Mr. Atterbury will, in addition, take and put into effect within a reasonable time such other measures of relief not only to the brakemen but also to the firemen, as have been discussed and offered Mr. Atterbury wages of the conductors and brakemen have been amicably settled.

The following statement was issued by Mr. Atterbury and Mr. Morrissey:

"Mr. Atterbury has accepted Mr. Morrissey's proposition on the Jersey City situation in regard to the wages of the conductors and brakemen."

"The concessions are accepted in the generous spirit with which they have been tendered. Mr. Atterbury has given his word that the relief of firemen from unusual strain will be his first regard. The stationing of extra men at ash pits, which I understand are about three miles apart on the middle division, the putting to work at junction points of men who have been laid off when need for such extra services shall be demonstrated—these are some of the concessions made by the company."

The various locals of the Brotherhood of Railroad Trainmen have been notified by Mr. Morrissey of the adjustment of the differences.

TREASURER

Melville Offers to Officiate as

Treasurer of the School Board for the Sum of

\$200 PER YEAR—THE BOARD REFUSED TO PAY THIS AND THE MATTER WAS DEFERRED UNTIL THE NEXT MEETING—SCHOOL FINANCES.

At last night's meeting of the board of education the members talked most of the time on finances.

According to an estimate by the finance committee, which included the bills already due and the actual running expenses of the schools for the next five and a half months, it will require \$200,000 to cover for the education of Lima's school children in that length of time.

From all sources available and including the small sum now on hand, the board will have \$14,724.29 with which to meet its obligations.

Mr. Stolzenbach's idea was to give the finance committee authority to get after a consultation with the city solicitor who it is hoped will be able to suggest a way out.

City Treasurer Melville refused to qualify as treasurer of the board, and President Pence declined the office, on motion of Mr. Uhl the matter of selecting a new treasurer was referred until the next meeting night.

Mr. Melville's communication was read by the clerk, in which he set forth his reasons for refusing the office. He said his \$50,000 bond with a surety company would cost him \$100, which would leave him \$50 out of his yearly salary. He thought the treasurer was entitled to the same remuneration as the clerk of the board, and offered to qualify at once if the board would allow him \$200 a year above the cost of his bond.

This the board refused to do and the matter was deferred until the next meeting.

The committee on law and contracts reported \$10,000 added to the insurance on the high school building, and also stated that the electric light company had cut its bid on furnishing fluid for the new building to 8 cents for light and 6 cents for power purposes. The report was filed without comment.

The principal item in Superintendent Miller's report was the statement that he had been assured by the health officer that the East building could be opened on the 30th of January as announced when it was closed by the health board. This was gratifying news, the superintendent thought, as he had feared that possibly something would arise to keep the pupils out of the building for a longer time. He was sure they had been put to enough inconvenience and knew they would be glad to get back again.

Tonight the trustees and elders of the Market street Presbyterian church will meet to consider the resignation of Rev. H. J. Thomson, who has submitted the following letter to the church's officers:

Dear brethren:
Fully convinced, as I am, that the best interests of the church are best served by my resignation as pastor of the present, I would like to have the resignation accepted.

Respectfully,

Iron-Ox Tablets

SUFFERED TERRIBLY FOR 66 YEARS

Mr. J. W. Cotton, of Winchester, Ind., Tells of his Awful Suffering From Constipation and Points out the Road to a Sure Cure for all those who Suffer From This Dread Disease. Another Triumph for Iron-Ox Tablets.

One of the most extraordinary cases on record is that of J. W. Cotton, of Winchester, Ind., who was cured of chronic constipation by Iron-Ox Tablets after sixty-six years of suffering. He writes as follows: "I am using Iron-Ox Tablets and have been astonished by the results. I am almost 86 years of age and have been constantly constipated since I was 20 years old, being compelled to take medicine to move my bowels. After using Iron-Ox a short time I have daily evacuations. J. W. Cotton, Winchester, Ind."

Remember there is a vast difference between curing constipation and giving temporary relief. There are many harmful preparations sold that relieve the oppressed bowels for a time, but consider at what a cost! The lining of the bowels, more delicate than almost any other part of the body, is shocked and urged to violent action, but the harm is so great that the disease is made worse instead of better. Iron-Ox Tablets are gentle but sure in action, toning up every organ to a state of health and normal activity.

Constipation Cured

Chronic Constipation means a life full of pain and misery. No human constitution on earth is strong enough to allow of either good work or enjoyment of any kind while this foe to health is present.

Iron-Ox Tablets

Cure the most Stubborn Cases of Constipation.

Remember this point, Iron-Ox Tablets are different from any other medicine for constipation that is sold.

They do not act so quickly as some, for quick action means violent action, and violence means danger. Harsh purgatives rack the delicate system, weakening it so that after a time it refuses to respond to even this drastic treatment, leaving the victim ten times worse than before.

GOSPEL SERMONS

Custom tailor service appeals to every man—but the price for good merchant tailoring is usually too high.

We make clothes to measure at prices based on the cost of production—not on the reputation of some cutter. Yet, in fabric they are worthy and serviceable, in fit unqualifiably perfect, in style correct beyond question, the workmanship faithful and thorough.

Suits or Overcoats, to your measure for as little as \$15—and some at prices enough higher to purchase materials that cost more than sufficient—ly good.

Trousers to measure \$4, \$5, \$6.

Some uncalled for garments at tempting prices.

There's a distinctive character and style about the clothes we make to measure, easily discernible at a glance. It's the result of perfection in every detail—expert, intelligent development of the little things that give garments ease, grace and prestige.

Dress suits are an excellent test of good tailoring—the most difficult clothes to make right. Ours are perfect at \$25, \$30, \$35.

FIND VALUABLE IVORY AND LACES

Mrs. Chadwick's House in Cleveland
Searched With Good Results.

Said to Be Worth At Least \$10,000—If Duty Has
Not Been Paid on Articles Noted Wo-
man Will Have Trouble.

Cleveland, Jan. 24.—United States
Customs Collector Leach has found
valuable ivories and laces belonging
to Mrs. Cassie L. Chadwick, in the
Chadwick home on Euclid avenue.
Mr. Leach is going to learn whether
duty has been paid upon the articles,
all of which have been imported.

The goods were taken to the office
of Receiver Nathan Looser and ex-
amined by an expert. They are
said to be worth at least \$10,000,
most of that sum being spent in a
number of fine and expensive arti-
cles, such as curtains, collar-
ettes, handkerchiefs, etc. Some of
the handkerchiefs are valued at \$100
each.

If it is shown that the duty has
not been paid upon the goods they
will be sold to recover duty, and the
proceeds will become a part of the
fund which Mr. Looser is accumulat-
ing for the benefit of the Chadwick
creditors.

An official of the treasury depart-

ment at Washington is in the city
assisting Collector Leach in the in-
vestigation of the case. If it is
shown that Mrs. Chadwick has
brought the laces and ivories into the
United States without paying duty
on them the federal government will
prefer the charge of smuggling
against her and the goods mention-
ed will be held as evidence against
her.

Another interesting phase of the
Chadwick developments is that Re-
ceiver Nathan Looser will not per-
mit Mrs. Chadwick to go to her Eu-
clid avenue home until her right to
do so has been passed upon by Feder-
al Judge Wing. This question will
not come up, however, until Mrs.
Chadwick is released on bail. Should
she be allowed to go home she will
not be permitted to have possession
of any of her house furnishings,
which are in charge of either the fed-
eral authorities or the receiver of the
Chadwick assets.

DOINGS FOR THE

WEEK IN HOUSE

Appropriation Bills Will Be Offered Un-
less Railroad Rate Question Comes Up.

Washington, D. C., Jan. 24.—Un-
less legislation for government rate-
making shall be injected into the
house next week, the legislative work
days will be devoted to the annual
appropriation bills. No program on
the rate question has been agreed
on.

However, the introduction of the
Hayburn bill on this subject Sat-
urday and the long consideration that

has been given the matter in com-
mittee indicate that the house will
soon be asked to give consideration
to the proposition.

The District of Columbia appropri-
ation bill has the right of way and
following this the pension appropri-
ation bill and the post-office supply
measure are next in line. These
measures doubtless will consume the
week with some minor measures
that may be given a little time.

A man claiming to be a representa-

told him that while cleaning his suit
the dry company had found a ten-
dollar bill in his coat pocket. He said
of course, he was no good.

he was requested to return the mon-
ey and presented a check for \$50,
telling the intended victim to take
it out of that. He got no money
but let him on he went to New
Premier where it is known that at
least in one instance by the same
scheme he secured \$25. The check,
of course, was no good.

"HOODOO" LAME BACK

When the Kidneys are Diseased the Whole
System Becomes Deranged, Complica-
tions Set in and Serious Re-
sults Will Follow.

WEAK KIDNEYS

Pain in small of back, painful passing of
urine, inflammation of the bladder, a
liver, cloudy urine, pains in the back of
head and neck, rheumatic pains and ar-
rings all over the body, excess and pain, let
show that your kidneys are diseased.

CURES WEAK KIDNEYS.
"Gentlemen: I was troubled a great deal
with kidney trouble, and my business com-
ing me to be on my feet all day only made
the pains worse in my kidneys. I was at-
tended to by a bottle of Warner's Safe Cure.
Well, I did, and the result is that I am a new
man now. I can walk home from work, some-
thing I had not been able to do for over a
year. I can honestly recommend 'Safe
Cure.' MICHAEL P. SHANAHAN, 115
Bradford St., Albany, N. Y.

"Safe Cure" is a most valuable and effec-
tive tonic. It repairs the tissues, soothes in-
flammation and irritation, awakens the tor-
pid liver, aids digestion, stimulates the en-
feebled organs and builds at the same time.
"Safe Cure" is purely vegetable and con-
tains no harmful drugs. It is free from
sediment and is pleasant to take.
You can buy "Safe Cure" at any drug
store or direct, 50c and \$1 a bottle.

Beware of so-called kidney cures which are
full of sediment and of bad odor—they are
positively harmful and do not cure.

SENT IN AFTER ROBBERY, RYIN
AND DEATH FOLLOWED
CRIME AND NOW NO ONE
WANTS TO SPEND THE
THREE \$100
BILLS.

Ottawa, Ohio, Jan. 24.—There is
in a safe in the vault of the Put-
nam county treasury at Ottawa, three
one hundred dollar bills, which are
connected with a robbery of the
county treasury here over ten years
ago, full of exciting events. The
bills remain as mute evidence of the
robbery and the deaths, disgrace and
pecuniary loss that followed closely
in its wake.

The bills, harmless in themselves,
are surrounded with circumstances
which inspire a feeling of supersti-
tion and a disposition to avoid them
by every county treasurer who has
filled the office for many years past.
The bills are never looked upon or
seen by any other persons than the
county treasurer and the county com-
missioners, who twice annually count
the funds in the treasury, and by the
examining committees who see the
bills while performing their official
duties.

They still remain in the same en-
velope in which they were receiv-
ed as "conscience money" many years
ago. They still retain the odor of a
perfume undoubtedly used to re-
move the peculiar odor that money
obtains by being kept in a vault or
secreted in underground receptacles.
With these exceptions, they are not
unlike other bills of their denomina-
tion.

No county treasurer thus far has
disturbed their quietude or had the
courage to put the money in circula-
tion. To have but, themselves is
this reason known, but it is not due
to the fact that the men elected to
this office are more than ordinarily
superstitious. However it can be
accounted for only on the supposition
that the deaths, disgrace and losses
connected with them cause the in-
nocent bills to be hooked upon as a
"hoodoo" and consequently the treas-
urers follow the rule of avoiding the
bills.

When County Treasurer George D.
Kinder turns over the office to Treas-
urer-elect Herman McDougale at the
expiration of his term next summer,
the same question will come up again.
Will he have the courage to put the
money in circulation or allow the bills
to remain as they always have been,
in an undisturbed condition? It is
very likely they still will be held as
a reserve fund, and passed on from
one county treasurer to another, as a
reminder of the Nemesis that will
ever follow those who are untrue to
a public trust or violate the com-
mandment, "Thou Shalt Not Steal."

A Den of Robbers.

Plunder Discovered in House at Cygnet.

FOUR MEN ARE ARRESTED, ROBBERIES OF BUSINESS PLACES AND RAILROAD CARS CHARGED TO THEM.

Bowling Green, Ohio, Jan. 24.—That they have broken up a den of thieves the like of which has not been uncovered in Wood county for a long time, is the belief of the officials, following the arrest of four Cygnet men Saturday, Joe Ebers, Bert Herron, Charles Sutton and Ray McCartney are the men who are under arrest and all are charged with complicity in the robbing of several places of business in Cygnet. Sunday January 15th, Murphy & King's saloon was broken into and some merchandise stolen, that same day Silke's saloon was entered forcibly and a lot of stuff carried away. That night Mom Clouse's store was broken into and some knives and rings stolen, the Ohio Central station was forcibly entered and a lot of eggs taken from the freight house. An Ohio Central detective was detailed to look after the case for his road and it is said that he found all the plunder in a house where Ebers and Sutton live. These men were apprehended Sunday, and it is said that they implicated the others. The officials are looking for more confederates and believe that they have found a ring of crooks whose violence threatened Cygnet with more than one crime. The men will have a hearing before the Mayor of Cygnet, but were placed in the county jail Saturday night for safe keeping.

Joseph Cole, who appears as the leader of this organized band of thieves confessed to Officer Pickle that if they had not been taken in Saturday it was their intention to rob the Portage postoffice Saturday night.

COUNCIL NOTES.

An ordinance appropriating \$150 for the pay of townsmen, the clerk and janitor for the month of January was adopted and the gentlemen constituting the legislative body of the city will be busy for the next few days relieving the stress of the money market.

John Clemons, who owns property abutting the proposed sewer on Franklin street, from Madison avenue to Scott street presented a communication to council, giving notice that he would not stand for an assessment for the sewer, owing to the fact that he is already connected with the Madison avenue hole in the ground, and his protest was filed.

COMMITTEE

Chosen By President Newson of Council Last Night.

To Investigate the Conditions Surrounding the Proposed Interurban Passenger Station on the Square, Is a Good One.

The first move was made last night with reference to the building of a general passenger station to be located in the square and to be used by

business like nature had been made until President Newson, of the City Council, last night announced the names of the gentlemen who are to serve on the committee, which will be known as a "Citizens' Committee."

In announcing the committee Mr. Newson stated that in determining the committee he had tried to select citizens who were not only property owners, but men who were capable, broad minded and who have the welfare of Lima and the people at heart. He trusted the committee would go about its labors deliberately and earnestly and do that which would be for the best good of Lima and every citizen.

Property Owner Objects. The DAILY NEWS learned this

afternoon that one of the property owners fronting on the square would object to the placing of a passenger station on the square. The question was also asked if the city was expected to build the station and what kind of a structure is to be built. These are problems for the committee to solve and their report to council will be awaited with a great deal of interest.

The interurban traffic already amounts to a handsome item for the business men of Lima and every opportunity to encourage the building of interurban lines into the city should be taken advantage of.

SKILLED

In Love and Penmanship

SWINDLED MANY PEOPLE AT WAPAKONETA, WAS ARRESTED HERE AND IS NOW IN JAIL.

Wapakoneta, Ohio, Jan. 24.—The Bert B. Baker mentioned in the dispatch from Marion, Ind., in yesterday's DAILY NEWS, now in the county jail in this city, is the ex-president of the Wapakoneta Business University, who last October, just after the school had opened up with good prospects, fled, leaving many creditors in the lurch. Before leaving he obtained a large amount of money for tuition in advance from many of his pupils. A warrant was immediately issued for his arrest but for three months he eluded the officers. In the meanwhile the business college was abandoned and sold. A month ago Baker was caught in Lima and bound over.

The grand jury found two indictments against him, one for defrauding a hotel keeper, to which he pleaded guilty and was fined \$25 and costs and sentenced to 30 days in jail. To the other charge of obtaining money under false pretenses he pleaded not guilty.

Shortly after leaving Baker was named as co-respondent in a divorce suit filed by George Alsbaugh, a merchant of this city, against his wife, Bertha Alsbaugh, and this afternoon Mr. Alsbaugh was granted a divorce by Judge Mathers, Baker's name being prominently mentioned in the testimony. Although a one-armed man, Mr. Baker is a skilled teacher in shorthand and penmanship.

Several years ago Baker was married at Sidney. His wife owned several houses and lots, but these rapidly disappeared through Baker's misconduct, and she was left penniless. She was well respected, and it is thought here she was only trying to make a living after being reduced to poverty. The officers think the bankrupt money referred to in his letter to his wife is a "pipe dream."

GENERAL MANAGER OLSON

Of the Sandusky Southwestern Electric Railroad Arrested in New York

For Cashing Checks There Drawn on the Commercial Bank in This City.

With Mr. Olson, Was C. E. Coon, the General Contractor and a Woman Giving Her Name as Mrs. Samuels.

General Manager Frederick Olson, of the Sandusky Southwestern Electric railways, is under arrest in New York, according to advices received here today.

The charge against Olson is cashing of checks in New York hotels, drawn on The Commercial Bank, of this city, and which were not honored when they turned up in this city yesterday.

With Mr. Olson was C. E. Coon, the general contractor, and a woman giving her name as "Mrs. Samuels." Who she is cannot be ascertained.

When the cashier of the Commercial bank was seen today he acknowledged that his bank had not honored certain checks sent in from New York by Olson. Cashier Moore said Olson had an account with them, but though the checks drawn were small amounts, his actual balance would not permit them to cash even that small amount. It is understood that one of the checks was for the small sum of \$15, and from the statement of the cashier, this would mean that Mr. Olson's account was indeed depleted.

General Manager Olson left shortly after the first of the year for New York and in a letter written last week to Jim Fitzgibbons, who has been in the general offices here before Receiver F. S. Nichols took charge, Mr. Olson stated that he had perfected a financial arrangement whereby all the indebtedness of the road would be cleared up and that he expected to leave New York for Lima not later than Sunday. When Contractor Coon went East is not known. The last heard of him was at the time of his arrest by King & Gray, for cashing with them a check on the Lima Trust company. Coon is under bond to appear before the grand jury for this offense having waived examination in Justice Mowen's court; while General Manager Olson is also under bond to appear before the grand jury on the charge of fraudulently selling capital stock of the Sandusky Southwestern, he having waived examination in Justice Reilly's court two months ago.

New York, Jan. 23.—On the charge of passing a worthless check on the Astor House a man who said he was Frederick O. Olson, of Lima, Ohio, vice president and general manager of the Sandusky Southwestern railroad, was arrested at an uptown hotel and locked up. He refused to make any statement further than that his arrest was a mistake. It is alleged in the complaint that Olson gave a check for \$25 for his hotel bill which was drawn on the Commercial bank of Lima and that the check was returned as worthless.
